**Re: File No: 07-0822 (JGU) Fourth Quarter 2005 Groundwater Monitoring Event**  
Site Location: 2185 Solano Way, Concord, California

Dear Mr. Rochette:

In accordance with the guidelines of the California Regional Water Quality Control Board, SOMA will be conducting a groundwater monitoring event at the above referenced site. The purpose of this monitoring event is to check the site's overall groundwater conditions.

SOMA has scheduled to monitor the subject site on December 6, 2005. Sometimes, however, unforeseen events may cause us to reschedule the date. Should this be the case, you will be notified at least 72 hours prior to the monitoring event.

If you have any questions or comments, please contact Mansour Sepehr or me at (925) 734-6400.

Sincerely,

Tony Perini  
Sr. Project Engineer
